Propriety

I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s Poriasis, and others Leprosy, commencing on my scalp, and, in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended, until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there could be nearly a disgusting mass of scales taken from the sheet of my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit, and was so low I thought I should have to go to the hospital, but finally I got as far as Lansing, Mich., where I had a sister living. One Dr. treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs, feet badly swollen, toe nails came off, finger nails dead and hard as bone, hair dead, dry and lifeless as old straw. O my God! how I did suffer. My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up. Said, "We will try Cuticura." Some was applied on one hand and arm. Kureka! There was relief. Stopped the terrible burning sensation from the worst. They immediately got the Cuticura Revolver, Cuticura and Soap. I commenced by taking one tablespoonful of Revolver three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura morning and evening. Result, returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper.

The Cholera.

Cairo, 24.—The scene here to-night is a melancholy one. It is impossible to walk a hundred yards without meeting a coffin or an ambulance. The victims of inhabitants at Bulak and burning from their dwellings continue. The evicted people are sent to Barrage, where a reputation of the Tourah horrors is probable. Baker Pasha forcibly compelled a recalcitrant native doctor to go to Tourah.

Alexandria, 24.—Four cases of cholera are reported here among refugees from Cairo.

London, 25.—It is reported that quarantines will be enforced against vessels arriving from ports affected with cholera. A dispatch to the Times says the number of deaths from cholera at Mansurah, yesterday, was thirteen, Chibin 113, Zafra twenty-four, Mahalla forty-three, Ghizah ninety-five, Tanah sixteen. Two hundred eighty-four deaths occurred at Cairo within twelve hours.

Berlin, 24.—The Egyptian yacht in quarantine here will return to Alexandria immediately, in order to be at the disposal of the Khedive. There has been several suspicious cases of death here within the last few days. Officials declare they are not cases of cholera, but the effects of the deceased persons were burned.

The Sun Dance.

Rosebud Agency, D. T., 25.—The annual sun dance of the Sioux Indians occurred yesterday afternoon, at a camp near here, about one thousand savages being present from all parts of the reservation and a number of white visitors. Fifteen warriors entered for the dance, having fasted four days before entering upon it. The bodies of all were fully lacerated according to the usages of the tribe in testing the game qualities of the participant. It is probable this is the last time the sun dance will be permitted, as a strong effort will be made to have government interdiction of the barbarous practice.

Drowned.

Richmond, Va., 25.—The night before last, a boat containing eight men and two young girls, all colored, that were crossing James River at Oaremont to attend a prayer meeting at Sandy Point, upset and eight of the party were drowned.

Milwaukee, 25.—The captured vessel seen by Captain Smallman, of the City of Milwaukee, on his trip to Grand Haven, turned out to be the scow Seabird, of Chicago. Her crew of six men, captain, mate, steward and three sailors were drowned.

Guarding Against Disease.

Chicago, 25.—Upon the application of the city health committee the city council has authorized the expenditure of \$10,000 additional to the regular appropriation for the use of the health department. And the commissioner states that the amount will be increased as necessity demands. The commissioner has engaged a large extra force of teams and men to rid the city of all garbage and refuse, with the view to improving the sanitary condition; and to guard against the introduction of zymotic diseases.

A Mill Spoiled.

Wilkesbarre, Pa., 25.—A desperate prize fight for \$500 was fought near Nanticoke last evening. Frischholz, Paddy O'Brien, saloon keeper, and Mike Brzzer. The men fought according to the rules of the Marquis of Queensbury. Eleven rounds were fought when a crowd of women broke into the ring and brandishing a knife and pistols, put a stop to the fight.

Still Unsatisfied.

New York, 25.—Contrary to expectations the striking dress and cloak makers did not return to work to-day. Members are still dissatisfied and say they will not return to work until the demands of those working for small outside employers or contractors are complied with. Manufacturers say they will make no further concessions to the strikers.

Contraband Destruction.

Havana, 24.—A report is circulated here that the captain of the steamer Niagara fired and beached his ship to get rid of a contraband cargo. The report is that the captain was carrying war material to the rebels and ran the boat ashore that he might transfer that part of the cargo to another vessel.

Cetewayo Killed.

Durban, 25.—It is reported that Cetewayo has been killed.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS

is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS

has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
